I was angry about my interview at first but I thank you for the update. From what I now understand your fears are about your reputation and job security. I will have several web sites ready for the start of the school year. I will also not just send them to your school staff but to every school in your area. The staff lists are provided on the net and I will figure a way to get the sites on facebook for the kids too. I will ruin you Bitch. Your credit is still very good in Arizona and you may still buy a new car there yet. No more messages from me but get ready for all those stares and whispering kids. YEFL

As you probaby know I recently visited Canfield and while I was there I saw the most adorable little dogs out in the yard. I would take real good care of them as we would not want anything bad to happen to them. Also good luck at your new job, vocational schools are for losers but then you did lose a very good man. Talk to you soon.

Sorry

BOB

Stacey,

Being sorry is not enough to undue the stupid thing I said, but I cannot lose your friendship. I am just a male and we all are ignore beings. I feel like I have been kicked in the stomach and am begging for just one more chance to redeem the friendship. From experience a good friend is worth several relationships but remembering that came at a severe price. Amy and I have been friends for a long time with some silent phases but still friends. I think just being around YOU would make anyone fall for you. I am again just a male. Being older than your dad should have kept my brain in check but again old people do not feel old. I treasure just talking to you. They give convicted felons probation so I am asking you to at least place me on probationary friendship for my crime was just hoping for something that I could not have. I truly will earn your trust once again. Being friends with two incredible girls is really all this senior citizen could ever dream of.. Again I am so stupid to have even opened my mouth able wanting to date you but I do care a great deal about both Isco sisters. I am SORRY! Just begging to be your friend again... I love our long converstions.

Truly sick inside.

Bob (The dumb ass.)

PS I will not buy anything down there unless my Son does move there. I was not moving there to become a stalker!
