On behalf of the Youngstown City School District we would like to thank you for your years of dedicated service as an Academic Distress Commission representative. The ADC originated in 2010 and has since altered representation of their members. State Superintendent Ross suggested that the district broaden its community connection. Many area citizens have an interest in helping the district meet its educational goals. Due to this the board members have made a decision to appoint new representatives this year. Notification of these changes have been sent to Dr. Hathorn, and the Academic Distress for the March ADC meeting.

There plans to form several new support systems for our students. Your expertise in education and knowledge of the district would be a great asset in helping us to continue moving forward. In the near future the district may be contacting you in hopes that you will be available to volunteer your service.

You are cordially invited on February 23, 2015 to the Youngstown City Schools Board Meeting so that you may be recognized for your years of dedicated service to our district.

Thank You,
Brenda Kimble
